

## Tamar Informative Days

Tasmanian Irrigation is hosting two Tamar Informative Days on the proposed Tamar Irrigation Scheme.

The proposed scheme covers a large area both east and west of the Tamar River. The construction of a dedicated irrigation and water trading scheme will increase the reliability of water available on existing and new enterprises.

The two days will include presentations and information stalls. Attendees can expect to:

Learn about the scheme

Ask the questions you'd like answers to

Hear experiences from other irrigators
