

Duck Irrigation Scheme

Contractor Expression of Interest (Eoi)

Registration Form

Suitably qualified and experienced contractors are invited to register their interest in one or both of the design and construct contracts on offer for the Duck Irrigation Scheme.

Construction tender documents are scheduled for release in August 2016. The works program is anticipated to run from January 2017 to April 2018 subject to funding approval.

To receive the documentation contractors are required to complete and submit an Eoi and are required to hold, or be in the process of obtaining, The Australian Government Building and Construction WHS (FSC) Accreditation.

Key infrastructure for the Dam and Associated Works contract includes:

- 260,000m³ (approx) embankment

Key infrastructure for the Pipelines, Pumps and Associated Works contract includes:

- 2 x Balance Tanks;
- 1 x 1MW Pump Station situated on the Duck River near Edith Creek;
- 1 x 1.3MW Pump Station situated on the Duck River south of Smithton; and
- Approximately 61Km of large diameter HDPE pipeline, fittings and connection points.
