

Fingal Irrigation Scheme – Preferred Design Option
Community Feedback Form

We invite you to provide your thoughts and comments on Tasmanian Irrigation’s Preferred Design Option for the Fingal Irrigation Scheme.

After a period of community consultation, and once transmission losses within the South Esk River are more clearly defined, the water sales period will take place to enable Tasmanian Irrigation to develop a business case that will be presented to the Tasmanian Government for approval.

If you would like to make comment, please complete this form and return it to Tasmanian Irrigation by Monday 2 November 2020 to:

Tasmanian Irrigation Pty Ltd
PO Box 84, Evandale, TAS 7212 or email Tegan.Lovell@tasirrigation.com.au
